Art Unit: 1724

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 8 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. It is not clear what is meant by the term "valves provided for interrupting supply of pure water to said at least two ion exchangers by each one of said at least two ion exchangers" (claims 8, lines 3-5).

Claims 5-7 are allowed. Claim 8 would also be allowed if rewritten or amended to overcome the above rejection under 35 U.S.C. § 112, second paragraph. Furthermore, Applicant should cancel non-elected claims 1-4 and 9-11.
